BEAUTIFUL CAKE ON DISPLAY

The above beautiful wedding cake is attracting considerable attention in the window of the German confectionery establishment of Anton

Stange & Brother on Alakea Street near Beretania.

The cake, which was made by Mr. Stange for exhibition purposes, is a work of art, though the illustration fails to show the fancy effects. It stands 3 feet high and is 1 1/2 feet at the base. It is the finest cake that has ever been exhibited here. The German confectionery makes a specialty of fancy cakes and ice cream and sherbet for evening parties.

RACE SLUR IS RESENTED

The enterprising, wide-awake Portuguese paper, A Setta, picks up the cudgel with both hands against any assertion being made that Portuguese are other than "whites." In the issue of A Setta of September 19 the subject is dealt with as follows:

The erroneous, ignorant and insulting idea of referring to the Portuguese as not whites, demonstrates the fact that this Territory necessitates a course in both history and geography. To hear Anglo-Saxons, Dutchmen, Jews, dagoes, etc., speak of Portuguese as "Portuguese" and of themselves as "whites" riles us to the core. The majority of these ignorant gazeboes were in their respective countries nothing but farm hands, servants and tramps; but a short stay here, a steady job, the best they ever had in their miserable lives, and they begin to think that an honest, hard-working Portuguese is not a white man like themselves. Secretary Fisher has been told time and time again by Swamy, Ivers, Aiken and a few other guys in Honolulu that white men won't come here and work in the cane fields. Ah, ye gods and little fishes! Aren't there thousands of Portuguese, Spanish and Russians working in the fields? Aren't they white men? Swamy and the others evidently mean that good-for-nothing tramps who are not used to work, will not come here and do honest work in the cane fields. They want a job with a fat salary and no work.

We feel sorry for the man who is unable to distinguish between a friend and an acquaintance.

MAUI CONVENTION MEETS; RE-NOMINATES OLD OFFICERS

Endorse Territorial Platform and Adopt Resolutions of Condolence on the Death of H. P. Baldwin

(Special Star-Bulletin Correspondence)

WAILUKU, Maui, Sept. 21.—The Republican Convention met at the Wailuku Town Hall yesterday at ten o'clock. Ninety-seven delegates from all parts of the county were present to nominate the ticket for the coming campaign. H. A. Baldwin called the meeting to order. Rev. H. P. Judd invoked the divine blessing. D. C. Lindsay was made chairman and Charles Wilcox secretary. The meeting was harmonious and the work of the day moved along smoothly.

The same officers as had served the county for the past two years were nominated for the supervisors from the Maui districts with the exception of Makawao, where W. F. Pogue had for many years served in that capacity. Samuel E. Kalama will represent Makawao and be the chairman of the Board. H. B. Penhallow and H. A. Baldwin were nominated for the senatorial honors from Maui, while the members of the house were as follows: George P. Cooke, for Molokai, Ed. Waiholo for Lahaina, Peruvia Goodnes for Wailuku, A. F. Travers for Makawao, John Wilcox for Hana, and Charles Makehau delegate at large.

Charles B. Lake was nominated as supervisor for the Wailuku district, Wm. Henning for Lahaina, R. A. Drummond for Hana, T. T. Meyer for Molokai, Wm. F. Kaas as county clerk, Charles Wilcox auditor, L. M. Baldwin, treasurer, D. H. Case, county attorney, Clement Crowell, sheriff. The platform of the party as adopted by the convention is as follows:

The Republican party of the county of Maui, in convention assembled, reaffirms its allegiance to the principles, policies and traditions of the Republican party of the nation.

We heartily approve of the work done and the beneficial results accomplished in both National and Territorial administrations and recognize the splendid service rendered by our Delegate in Congress; and believing that party pledges should be sacredly observed as the pledges of individuals, we promise the earnest support of all Territorial Republican officers from and county officials of this county, in faithfully fulfilling every party pledge.

We heartily endorse the Platform adopted by the Republican Territorial convention held in Honolulu on September 16, 1912, and pledge and instruct our representatives in the coming Territorial Legislature to support and vote for all measures therein recommended; and we especially emphasize our approval of the following planks referred to in said platform:

1. The adoption of such a policy with reference to harbor improvement that will accommodate the rapidly increasing commerce of the Territory, especially in the county of Maui.

2. The enactment of legislation which will secure an adequate direct primary law for the Territory.

3. The permanent settlement upon the former Queen Ilioukalani as long as she shall live.

4. The extension of the movement for better sanitation, and the passage of such further laws and appropriations to promote this end.

We earnestly believe in, and hereby pledge the Republican party of this county, if continued in power, to support and vote for the following local measures:

1. The material improvement and extension of the public water service throughout the county, so that an ample supply of pure water for domestic purposes shall at all times be available to all citizens residing in our centers of population, especially so for the towns of Wailuku and Lahaina.

2. Extension of our highway system through public and undeveloped lands.

3. The further establishment of parks, play grounds and places of rest and recreation in each of the districts of this County.

4. Better facilities for lighting the Towns and other centers of population in the County, not already provided for.

5. Liberal appropriation for the care, equipment and maintenance of our school buildings, court houses, jails, and other public institutions.

6. Liberal appropriation for the maintenance, equipment and enlargement of our "County Farm and Sanitarium."

7. An appropriation by the Territorial Legislature sufficient in amount to construct a modern driveway from the Town of Lahaina to Lahainalua.

8. The enactment of such legislation that will allow the Sheriff of this County to appoint his Deputy Sheriffs irrespective of time or residence or residence in the districts to which appointed, all such and all other appointments by the Sheriff to be subject to approval of local Board of Supervisors.

9. The enactment of legislation that will change the date of election of County Officers to first Tuesday after first Monday in May, instead of in November as at present; newly elected officers to take office the first of July following.

Proud of the history of the Republican Party and especially so of the work of our senators and representatives and county officers, we now bind ourselves to the specific future performance of every plank made in this and the Territorial platform; submitted as a guarantee of performance as well as a confession of faith; and in the accomplishment of these ends we earnestly ask the support of every good citizen irrespective of former political affiliations.

The following resolution was unanimously adopted by the Convention: "Whereas, through the Providence of Almighty God, He has seen fit to take from our midst one of our most respected and valuable members, both on account of his good citizenship and his activities in working for the best interests of the Republican party and the Territory in general;

Be it resolved: that it is the sense of this Convention that we deeply deplore the loss of the efficient guidance and strong friendship of the late Honorable H. P. Baldwin, and that this resolution be spread upon the minutes of this Convention in token of our aloha, and that a copy of the same be sent to the widow of the deceased."

Wilson to come West, where he is practically unknown to the masses; but that quiet and reserved gentleman has not fully voiced his intentions.

If Taft campaigns at all it is said he will have to come West to convince the people he is progressive in his policies, and in spirit. But Taft says now the people must judge his past performances—he'll mount no more platforms. But he is sending his best speakers West instead.

Meanwhile the Taft forces have dismissed Col. Hammond as leader and put in one Hogue, proprietor of an evening paper in San Francisco, who while no heavy weight, is the best man they've had so far. And in the South John D. Spreckels is leading the Taft forces, at a somewhat different angle from the Northern methods.

But Roosevelt's almost in town, and by the time he gets there laying every one out there may be a different story to tell.

Women Are Active.

The women are not far behind the men in organizing politically and commercially in San Francisco. The latest organization is a women's commercial club formed in the very heart of the busy marts of trade, by several women employees. A number of cosy little luncheons, better than those usually bought, fired the enthusiasm of the few let into the secret by a Miss Davies, who originated the lovely plan.

Headquarters were to be opened in the St. Francis Hotel, and visions of tea rooms, a library, a gymnasium, etc., filled the minds of all. The circle of those "in" was gradually widened, Miss Davies keeping a watchful eye as to detail.

Of course officers had to be selected as Miss Davies tactfully suggested, and an appointed nominating committee discovered Miss Davies to be in a peculiarly receptive mood for the presidency. This nominating committee who shall fathom their minds—promptly recommended a Mrs. Trusty, whereupon Miss Davies as promptly fainted.

Club rooms were quickly opened but at the first meeting Miss Davies, who had recovered, rose to say that

of course the previous election of officers was only temporary as no constitution was adopted.

Indeed it was no such a thing as Miss Davies learned, being promptly ruled out of order by Mrs. Trusty. Whereupon the chairman of the constitution committee refused to do a single thing, so there, until it was definitely decided who was going to rule.

Heads Drop.

Immediately some resignations were presented. Mrs. Trusty precipitately vacated her chair, but not her position, and set to work composing a letter to the club members in which she deplored the personal aspirations of one or more club members. Personally she'd work as hard in any position to help the club—but she'll still remain president.

Miss Davies was appointed chairman of the hospitality committee, but each new member greeted was told by Miss Davies of the troubles of herself and friends in the club.

"New members refused to sign up when they heard about this 'catty' little affair," remarked Mrs. Trusty pleasantly.

There will be just one more meeting of the club members to settle things one way or another—but as were many feels that whether things go "one way or another" it will be hard on everybody, a number of plain clothesmen will be stationed at discreet intervals about the rooms of the San Francisco Business Women's Club while the meeting is in progress.

CORONER MAY SOLVE MYSTERY

Coroner Rose may deduce testimony at the inquest to be conducted on Monday that may serve to hold two Koreans, named Hon Yong Sik and Kim Say Keum, upon a serious charge.

Shon Shoon II who was taken to the hospital on Thursday evening died the following day of injuries believed to have been inflicted during the course of a general fight which is alleged to have taken place in a Palama tenement.

The Korean showed a number of scalp wounds. He is said to have suffered a fractured skull.

The charge is also made by one Korean present at the fight that Hon Yong Sik was the actual assailant.

A jury visited the scene of the melee yesterday and also viewed the remains at the morgue.

The inquest will be held Monday evening.

12,000 HELP WILSON FUND

Popular Subscriptions Literally Pour in at Campaign Headquarters

WASHINGTON, Sept. 8.—Twelve thousand persons have contributed thus far to the Wilson and Marshall campaign fund. The fund at present totals \$175,000.

This was stated tonight at Democratic national headquarters, which at the same time made public a list of contributors, containing, it was stated, the names of all who had contributed \$100 or more to the fund.

W. G. McAuloo, acting chairman of the Democratic national committee, declared that "a new political standard" had been set by this action.

"The American people," he said, "will never elect another president without knowing the sources from which financial support is drawn."

Sum "Totally inadequate."

Rolla Wells, treasurer of the committee, declared that while the sum received was encouraging, it was "totally inadequate" to conduct the campaign properly, but he believed that contributions would continue.

ALBERT.

FIRST PLACE AS COAL PRODUCER

The United States has held first place among the coal-producing countries of the world since 1899, when this country supplanted Great Britain.

In 1911 the total world's production of coal amounted to approximately 1,302,500,000 short tons, of which the United States contributed 496,221,168 tons, or 38.1 per cent, according to

Be a Good Dresser

THE CLARION

The United States Geological Survey, in the twelve years from 1899 to 1911, the production of the United States has increased over 250 per cent, from 1899 to 1911 Great Britain has increased its output about 50 per cent, from 189,144,731 to 304,531,195 tons. The United States in 1911 produced almost 500,000,000 tons, or 63 per cent, more than Great Britain in 1911; Germany's production of coal and lignite in 1899 was 33,540,500 short tons; in 1911 it was 353,223,763 tons, an increase of over 175 per cent. The combined production of Great Britain and Germany in 1911 was 662,744,958 tons, which exceeded the output of the United States by only 66,500,000 tons, or 13.2 per cent. These three countries—United States, Great Britain and Germany—produce more than 80 per cent, of the world's total supply of coal.

MATERIAL FOR JUSTICE MILL

Material for the police court justice mill awaits Judge Monarrat for Monday morning, when one batch of twenty Japanese and other Orientals will be brought into court upon a charge of winking fiddle fortune by means of a game of chance.

Chief of Detectives McDuffie made another invasion of the prohibited zone on Friday night and pounced upon a delegation of Japanese, who, he believes, were caught red-handed in a gambling game. At any rate, the police officers are prepared to fight the case for a conviction. In the mean time the defendants are out on bail to the amount of \$10 in each instance.

The chief of detectives and his assistants also fell upon eleven Chinese, who are also to be arraigned at the next session of the district court upon a charge of gambling.

A brace of enthusiastic boosters for local boat clubs were rounded up and sent to the cooling tanks to forget the sad story of defeat. They are now highly-charged, fermented spirits, and later may be called upon to settle fines for drunkenness.

Governor West of Oregon has ordered all liquor dealers to plainly mark contents of "wet goods" shipped into "dry" territory, so local officers can investigate what is to be done with the "booze."

Bramwell Booth, the new head of the Salvation Army in England, wants \$750,000 to erect and maintain a new Salvation Army training college as a memorial to his late father.

REMEMBER THE DATE AND PLACE

MAUI CHURCH ASSOCIATION ENDS SUCCESSFUL SESSION

(Special Star-Bulletin Correspondence)

WAILUKU, Sept. 21.—The Maui Association of evangelical churches, which consists of the churches of Maui, Molokai and Lanai affiliated with the Hawaiian Board of Missions, held its semi-annual session at Kaunakakai, Molokai, beginning last Sunday and closing on Tuesday of this week. Forty-nine delegates came from Maui on the Mikahala on Saturday. Rev. W. B. Oleson, secretary of the Hawaiian Board and Rev. John P. Erdman the new superintendent of the Hawaiian Department of the Board, were also present. From Maui, also, Rev. Henry P. Judd, Superintendent of the Sunday school work of the island, and Rev. R. B. Dodge, the Board's agent on Maui, were present. Every Hawaiian church in the County except the church at Lanai was represented by pastor or delegate.

The meetings on Sunday were of a most interesting character. In the morning Rev. H. P. Judd preached a strong sermon in Hawaiian. He also baptized the infant son of Rev. I. D. Isea, the pastor of the church where the Association met. The Lord's Supper was also held. In the afternoon addresses were made by many of the visiting ministers. The evening was devoted to the roll call of the Christian Endeavor societies.

The work of Monday and Tuesday was mostly routine. Many reports were read from the churches and the affiliated organizations. The most interesting events were the raising of a large sum for the needy widows of ministers, the gift of over one hundred dollars toward the debt of the church to their pastor, and the pledging of fifteen hundred dollars toward the new church building at Molokai. A new church is greatly needed there, as the

old one is worm eaten and rotten. The enthusiasm of the people was at white heat in raising this money, and it is expected that all the pledges made that day will be fulfilled. One visitor at the convention promised a most generous sum in the name of himself and his wife, and other sums were pledged that brought the total to the large amount mentioned.

The last event of the Association week was the concert of Tuesday night that was well attended, and which brought in a large sum of money for the entertaining organization to help them in the work as a church.

LARGELY WHAT WE DON'T NEED

It was to a "continental dam" that Governor Wilson likened the United States to prevent us from having any commercial intercourse with our neighbors. How well that dam has served its purpose in excluding us from the trade of the world is shown by the New York Tribune today. Just about fifty years ago that dam was constructed by Senator Morrill, under the auspices of President Lincoln, and last year our exports, by far the largest in the world, amounted in value to \$2,013,549,025.

"Unless we buy from other nations we can't expect to sell to them." That is an old Free-Trade argument, and as a philosophic theory it sounds reasonable. But we do sell to them, although counting high in dollar values, is largely what we don't need.—Brooklyn Times.
